Section 1 - finance available

Maintenance Grant **NOT REPAYABLE**

You may not be eligible for a Maintenance Grant if you already hold an honours degree or overseas equivalent unless you are taking a particular vocational degree.

The amount of Maintenance Grant you receive is dependent on your household income and will affect the amount of Maintenance Loan you are entitled to. You will not be eligible for a Maintenance Grant if you are eligible to receive Special support Grant.

If you will be studying on a postgraduate Initial Teacher Training (ITT) of a year or more and choose not to provide any financial information you may be eligible to receive £1,354 Maintenance Grant (£678 for part-time ITT students). If you choose to provide financial information then you may be eligible to receive up to £3,569 Maintenance Grant (£1,785 for part-time ITT students).

Special Support Grant **NOT REPAYABLE**

You may not be eligible for a Special Support Grant if you already hold an honours degree or overseas equivalent unless you are taking a particular vocational degree.

The amount of Special Support Grant you receive is dependent on your household income. Entitlement is calculated in the same way as Maintenance Grant but will not affect the amount of Maintenance Loan you may be entitled to receive. If you are eligible to receive a Special Support Grant you will not be eligible to receive Maintenance Grant.

The Social Security Agency will not take account of Special Support Grant when assessing any claim you make for income related benefits.

You may be able to receive Special Support Grant if you:

- Are a lone parent or foster parent
- Have a partner who is also a student and one or both of you is responsible for a child or young person aged under 20 who is in full-time education below higher education level or on an approved course
- Have a disability, and qualify for the Disability Premium or Severe Disability Premium
- Are deaf and qualify for Disabled Students' Allowance
- Have been treated as incapable of work for a continuous period of at least 28 weeks
- Have a disability and qualify for income-related Employment and Support Allowance
- Are waiting to return to the same course within the same academic year having taken agreed time out from that course due to an illness or caring responsibility that has now ended (this does not mean that you will be paid for time you were not on your course)
- Are aged 60 or over
- Are eligible for Housing Benefit or the housing element of universal Credit whilst you're studying
- Are entitled to Armed Forces Independence Payment (AFIP)
- Are entitled to a Personal Independence Payment or Disability Living Allowance

 Please state on a separate piece of paper which of the above categories you think you may fall into and enclose this, and relevant supporting evidence, with the PR1 form or download a Special Support Grant application form at www.studentfinanceneni.co.uk

If you are unsure about your eligibility for Special Support Grant, call our Customer Support Office on **0300 100 0077** for help.

Maintenance Loan **REPAYABLE**

You may not be eligible for a Maintenance Loan if you already hold an honours degree or overseas equivalent unless you are taking a particular vocational degree.

The amount of Maintenance Loan you receive is dependent on your household income.

If you are assessed as being eligible to receive Maintenance Grant then the amount of Maintenance Loan available to you will be reduced.

Tuition Fee Loan **REPAYABLE**

You may not be eligible for a Tuition Fee Loan if you already hold an honours degree or overseas equivalent.

Any Tuition Fee Loan that you borrow will be paid directly to your university or college in three instalments within the academic year. Each payment is made after we receive confirmation that you are in attendance at the start of each term.

You can borrow a Tuition Fee Loan up to a maximum of £4,985 if you are studying in Northern Ireland, or £9,790 if studying elsewhere in the UK. If you are studying at a private university or college you can borrow a maximum of £4,985. The amount of Tuition Fee Loan you can borrow will depend on how much your university or college is charging you. You should confirm the amount with your university or college before making your application.

Student Contribution Loan **REPAYABLE**

If you are studying on an undergraduate higher education course at a relevant institution of higher education in the Republic of Ireland you won't pay any tuition fees. Instead, you will have to pay a student contribution charge to your university or college. You can apply for a Student Contribution Loan to cover the amount charged.

Adult Dependants' Grant **NOT REPAYABLE**

This grant is dependent on your income and any income of your dependants. You can only apply for this grant if you are married, in a civil partnership, aged 25 and over and living with a partner of either sex or have another adult dependant. You can only apply for this grant for one adult dependant; if you have more than one adult dependant, you can still only receive one grant.

Parents' Learning Allowance **NOT REPAYABLE**

The amount you receive depends on your income and that of your dependants (including your husband, wife or partner). It is not counted by the Social Security Agency or housing benefit departments when calculating your other benefits, so you do not have to choose between Parents' Learning Allowance and other benefits.

Bursaries and Scholarships **NOT REPAYABLE**

Full-time students studying at a university or college in Northern Ireland who are eligible for the full £3,569 Maintenance Grant or Special Support Grant, and who are being charged tuition fees of up to £4,985, can apply to their institution for a bursary.

Some universities and colleges may choose to offer discretionary bursaries or scholarships. The amount offered would be at their discretion and you may not need to be eligible for the full Maintenance Grant or the full Special Support Grant to qualify for their bursary or scholarship scheme.

Travel Grant **NOT REPAYABLE**

If you have to study at a university or college outside the UK/ROI for the majority of any term in the academic year or if you have to attend a place in the UK/ROI away from your main college or university as part of your medical or dental training, you may be eligible for help with the costs of travel. The support you receive is dependent on your household income.

If you apply for student finance which is not based on your household income you are not eligible to claim a travel grant.

You may also be able to get help to cover the cost of medical insurance, visa costs and vaccinations. These costs aren't affected by household income assessment.

If you have extra travel costs because you are disabled or have a specific learning difficulty, apply for Disabled Students' Allowance instead.

You can download or request forms to complete about your travel costs.

Contact your local Student Finance (SFNI) office to find out whether you are eligible to apply.

Childcare Grant **NOT REPAYABLE**

You may get help with some of your childcare costs, depending on your income and any income of your dependants, if you have dependent children aged under 15 at the beginning of the academic year - or under 17, if they have special educational needs - and you need childcare services for them.

You may be able to get help with childcare costs during vacations as well as during term-time.

Your childcare provider must be registered or approved for you to receive this grant.

You cannot have this grant if you or your husband, wife, civil partner or partner receives the childcare element of Working Tax Credit or Universal Credit, Tax-Free Childcare from HM Revenue & Customs (HMRC), a healthcare bursary or Scottish Healthcare Allowance. You have to choose one or the other.

You can find out more about Childcare Grant at www.studentfinancenl.co.uk and more information about Working Tax Credit at www.nidirect.gov.uk

Disabled Students' Allowance (DSA)

NOT REPAYABLE

These can help pay for the extra course-related costs you may have as a result of your disability or specific learning difficulty. This includes special equipment, a non-medical helper or special travel arrangements.

If you want to apply for DSA only, you should complete an 'Application for Disabled Students' Allowance' (DSA1) form instead of this form. You can download a DSA1 application form at www.studentfinancenl.co.uk

Alternatively, you can complete sections 1-3 of this form and return it to us. We will then send you another form that asks more specific questions about your disability/specific learning difficulty.

If you provide evidence of your disability such as a letter from your doctor or a completed Disability Evidence Form, or if you have dyslexia or dyscalculia, a diagnostic assessment carried out by a suitably qualified person, this will help us process your application more quickly.

If you do not have this evidence yet, send this form to us now and send in the evidence of your disability or specific learning difficulty later. We will contact you to ask for the extra information we need.

If you are otherwise undertaking, but not attending a course in person for a reason which relates to your disability, you may be able to apply for all types of student finance (except Travel Grant) as if you were attending in person. The evidence you send must show that you are unable to attend university or college in person for a reason which relates to your disability. For further information please refer to 'Disabled Students 2026/27 Bridging the Gap A guide to the DSA Students' Allowance (DSA) in Higher Education'.

Section 2 - personal details

Contact details

- b** If your contact address is different, please also provide this. If you provide a contact address, all correspondence we issue will be sent to that address.

If your address changes you should let us know as soon as possible.

Relationship status

- c** You should tick 'Single' if you have never been married or in a civil partnership and are not living with a partner.

You should tick 'living with a partner' if you are sharing a home with your partner but you are not married or in a civil partnership with them. You should tick this box if you have previously been separated, divorced or widowed but are currently living with a partner. It does not matter whether you are of the same sex or of opposite sex.

-  If you will be under 25 at the start of the academic year, and you are married or in a civil partnership, please send a copy of your marriage certificate or civil partnership documentation with your application.

-  If you are **separated**, **divorced** or you have been in a civil partnership which has been **dissolved**, you should send a copy of the decree absolute, decree nisi, dissolution order, a final or conditional order or a letter from your solicitor confirming your status and date of separation.

-  If you are **widowed** or a **surviving civil partner**, please send a copy of the death certificate.

- The Royal Military Police
- The Gurkhas

Section 3 - about your course and your university or college

Course details

- e1** If the new course details you give us can't be confirmed yet, your student funding may be delayed.
- e2** You must complete the section with the correct year of course which you will be following in 2026/27. For example if you are repeating year one tick 'first year' rather than 'second year' which does not mean the second year of study but the second year of the course.

Course type

- f** A part-time undergraduate ITT course is a first degree course. If you are applying for support for a part-time Postgraduate Certificate in Education (PGCE), part-time Certificate in Education (CertEd) or part-time Diploma in Education and Training (DET) or equivalent course, please tick the 'Part-time ITT' box.

Full-time distance learning

- e** If you are studying on a full-time distance learning course for a reason relating to a disability you must send evidence that clearly shows you are unable to attend university or college in person for a reason which relates to your disability.

- g1** If you are eligible to apply for a social work bursary from the Social Services Inspectorate (SSI) you should answer 'No' to this question because this is a separate bursary to those offered by the NHS or the DoH.

If you're studying on a Paramedic course at an English university/college and are eligible to apply for tuition fee and/or living cost support from your local ambulance/health trust, you should answer yes to this question.

Students studying an Allied Health Professional course at Ulster University or students who have reached their fifth year of study on a medical or dental course in the UK will have their DoH bursary entitlement assessed by their local SFNI office using the information provided on the PR1 application.

- g2** If you are eligible to apply for an **income assessed** bursary or award, the **only** element of student finance you are eligible to apply for is the non-income assessed part of the Maintenance Loan and this will be at a reduced rate.

If you are eligible to apply for a **non-income assessed** bursary then you are **not** eligible for any other student finance. The only exception would be if you are a seconded student studying a health related course and you have been advised that you cannot apply for any bursary at all, either income or non-income assessed.

If you are unsure about your eligibility for a bursary, contact your local SFNI office.

Term details

- i** Do not count any period spent studying in the Republic of Ireland (ROI) as a term abroad. If you are studying abroad you should speak to your university or college to confirm your tuition fee before completing the loan request section of the form. If you study abroad we will send you additional forms separately. You will need to complete those forms with your study abroad and travel details. You should select 'Work placement' if you will be working in the UK/ROI or abroad as part of your course during this academic year or if your placement is part of a sandwich course.
- j2** If you're applying for funding from the Turing Scheme or Taith, you can't get a payment for the same travel expense from both SFNI Travel Grant and the Turing Scheme or Taith.

Placement details

- k** If you don't know where your placement will be yet you should let us know as soon as you find out. The tuition fee amount you may be charged will vary depending on the type of placement and where in the UK the university or college you normally attend is located. If you're on a placement you should speak to your university or college who will be able to confirm your tuition fee amount.

Loan request section

If you're on a paid placement, or an unpaid placement that is not listed, then you will only be entitled to a reduced rate Maintenance Loan and no Maintenance Grant.

If you're on a year's optional placement you are not eligible for any support.

National Insurance number

If you do not provide your National Insurance number, payment of your loan(s) will be withheld and you will have to fund your own tuition fees and living costs until you have resolved this issue.

You will find your National Insurance number on any of the following:

- your National Insurance number card or letter
- a payslip
- an Income Tax document such as a P45 or P60

If you have never been given a National Insurance number, you should leave the National Insurance number box blank. You will be contacted if you need to take any action to obtain a National Insurance number.

Maintenance Loan

This loan is paid in instalments, directly to you and is to help cover your personal living costs throughout the academic year.

Payment will be made when we receive confirmation from your university or college that you have registered on the course.

Interest will be charged from the day you receive your first payment.

Tuition Fee Loan

Your Tuition Fee Loan will be paid directly to your university or college in three instalments within the academic year.

Liability Date	% of total Tuition Fee Loan that you will be liable for
First day of Term 1	25%
First day of Term 2	50%
First day of Term 3	100%

You will be liable for your Tuition Fee Loan from the first day of each term not the date when the instalment is paid to your university or college. If you are unsure when your term starts please contact your university or college.

Each payment is made after we receive confirmation from your university or college that you are in attendance at the start of each term. Interest will be charged from the day we pay the Tuition Fee Loan to your university or college.

Student Contribution Loan

If you're studying on an undergraduate higher education course at a relevant institution of higher education in the Republic of Ireland you will have to pay a student contribution charge. To cover this charge you can apply for a Student Contribution Loan which is paid in Euros to your university or college. Your university or college can charge up to a maximum of €2500.

You can apply for a Student Contribution Loan to cover all or part of the student contribution charge. If you choose to apply for less than the maximum amount you should use the exchange rate shown on our website at www.studentfinanceni.co.uk to work out the equivalent in Sterling.

If you apply for a Student Contribution Loan to pay part of your student contribution charge, you'll be responsible for paying the difference to your university or college.

Applying for a loan at a later date or changing the amount requested

You can apply for a Maintenance Loan, Tuition Fee Loan or Student Contribution Loan at any time in the academic year provided you are within the time limit which is usually nine months from the start of your academic year. You can apply for a Maintenance Loan, Tuition Fee Loan or a Student contribution Loan; or change the amount you originally requested at www.studentfinanceni.co.uk

Section 5 - dependent and independent students

a3 Having care of a person under the age of 18 means that you look after a child and the child lives with you, irrespective of your relationship with the child.
e Please send copies of the child's/children's long birth certificate(s) and evidence that you have care of the child, for example, evidence that you are receiving Child Benefit or Child Tax Credit.

b Irreconcilable estrangement

You will normally be considered irreconcilably estranged from your parents if you have not had verbal or written contact with both of your biological or adoptive parents, or your only living parent for twelve months or more before the start of your academic year, and this will not change. If you tick that you are irreconcilably estranged from your parents we will contact you to ask for evidence.

You will **not** be considered irreconcilably estranged from your parents because:

- you do not get on with your parents;
- you do not live with them;
- your parents do not want to give details of their income; or
- your parents choose not to provide you with financial support.

For more information on estrangement refer to the 'Stand Alone' booklet available on our website at www.studentfinancenl.co.uk

In the legal care of a Local Authority

If you have at any point been in the custody or care of a Local Authority but have been back in the legal care of your parents at any time since then, you will not be considered independent.

Section 6 - student financial questions

a Unearned income

You may be asked to confirm any estimated income at a later date.

If your actual income is different from your estimated income we will reassess your entitlement to student finance. This may change the level of financial support you receive.

When working out your taxable unearned income you should **not** include:

- earnings from full or part-time work such as holiday work or work you do during term-time;
- any Maintenance Loan or grant payments you may receive;
- payments you receive from your parents under a covenant;
- maintenance payments you expect to receive for your children. These maintenance payments should be included as part of your children's income in question 6c;
- Teacher Training Bursaries;
- Care Leavers' Bursary;
- bounties paid by the armed services to reservists or disablement or invalidity pensions; or
- ISAs.

b1 Payments from an employer

You should **only** provide an amount here if you are being released from employment by your employer to attend your course. If this is the case, you should only include salary or wages for days you are actually attending your course and have been released from your employment to do so. Any earnings from salary or wages entered here may affect your student finance entitlement.

Do not provide any amount here if you are a student who is working while studying but have not been specifically released by your employer to attend your course.

c Dependent children

e You must send copies of your child's/children's long birth certificate(s) to confirm their date(s) of birth before they can be taken into account when assessing your entitlement. If you have provided these with a previous application for financial support then you do not need to provide them again.

You must include any income the child receives from working, interest earned on savings, investments and any maintenance payments you received for your children as part of their income in this question.

Don't include income from sources such as Child Benefit, Child Tax Credit, Government Child Trust or minimal sums of money from other sources when entering a child's income.

You must send copies of evidence showing the child's income.

e If your child's income will be at least 5% less than it was in tax year 2024-25 you can apply for a current year income assessment. This means we would use their expected income for tax year 2026-27 instead of their actual income for tax year 2024-25 when working out your grant entitlement. If you want to be assessed using expected income for tax year 2026-27 please use the additional notes pages of the form to let us know. You still need to give your child's income for tax year 2024-25.

Section 7 - Parents' Learning Allowance, Adult Dependants' Grant and Childcare Grant

c This information will be used to work out if your children are mainly financially dependent on you or your partner during this academic year. The academic year is determined by when you begin your study, see page 15 for the dates.

d If you apply for Childcare Grant you will be sent another form for you to give us your childcare details and estimated costs. You can find further information about Childcare Grant at www.studentfinanceni.co.uk and information about all aspects of Working Tax Credit at www.nidirect.gov.uk

Section 7 - Parents' Learning Allowance, Adult Dependants' Grant and Childcare Grant

- e4** If your adult dependant's income will be at least 5% less than it was in tax year 2024-25 you can apply for a current year income assessment. This means we would use their expected income for tax year 2026-27 instead of their actual income for tax year 2024-25 when working out your grant entitlement. If you want to be assessed using expected income for tax year 2026-27 please use the additional notes pages of the form to let us know.
- e** You still need to give your adult dependant's income details for tax year 2024-25. Send copies of evidence of any taxable income received by your adult dependant, for example, P60, letter from employer confirming earnings or month 12/week 53 payslip.

Section 8 - about your family

Dependent students

If you are a dependent student, the following family members count for the purpose of income assessment:

- Your natural or adoptive parents, if both of them live with you.
- Your parent and their partner, if they have one.

Your parent's partner is defined as:

- Your stepmother or stepfather.
- Your parent's opposite **or** same sex partner if they live together as though they were married or in a civil partnership.

Independent students

For the purpose of income assessment, if you are an independent student, only your partner, if you have one, counts.

Your partner is defined as:

- Your husband, wife or civil partner.
- Your opposite or same sex partner, if you are 25 or over and you live with your partner as though you were married or in a civil partnership.

If you do not have a partner as defined above we will only assess your income.

- b** You should tick 'Single' if the parent you normally live with has never been married or in a civil partnership and is **not** living with their partner. You should tick 'Living with a partner' if your parent has previously been separated, divorced or widowed but is currently living with a partner.
- c** If your parents are **divorced, separated** or if they have been in a **civil partnership** which has been **dissolved**, you should send a copy of the decree absolute, decree nisi, dissolution order, a final or conditional order, or a letter from their solicitor confirming their status and date of separation. If full income details are not provided by parent(s) or parent and partner this could result in an overpayment of support.

If your parent is separated or divorced and now living with a partner, their partner must tell us their income details in section 9.

Terms and Conditions

If you cannot sign the form it must be signed on your behalf by your attorney. The Power of Attorney letter must be sent with the application before a signature from that attorney will be accepted.

You can still make changes to your personal details online. Just log into your account at www.studentfinancenl.co.uk

Information about data sharing for bursary and scholarship purposes

Universities and colleges will be offering financial awards such as bursaries or scholarships to their students. To help them administer these awards (i.e. to determine eligibility and entitlement to, and if relevant pay, a bursary or scholarship - 'bursary administration purposes') they will ask the Department for the Economy, your local SFNI office or SLC for access to information you provide in connection with this application for student finance (whether on this form or at a later date).

c Total income from occupational or private pension(s)

d Any other income

Include income from any other sources that HMRC will not have a record of, for example, foreign dividends, casual jobs, selling items, or tips. We still need to know about these income types to calculate the student's entitlement.

e Total income

This should be a total of your income from overseas or the Republic of Ireland that you have told us about in questions 'a' to 'd'.

Part E - Income deductions

You only need to tell us about private pensions or additional voluntary contributions that were not through your workplace. We'll reduce the household income using the amounts you tell us about, which could mean the student is entitled to more money.

If you paid any private pension contributions or additional voluntary contributions

The evidence you need to provide can be found in the table below.

Deduction type	Evidence required
Private pension contribution	Tax Return (all pages) or Statement from Pension Provider
Additional Voluntary Contribution (AVC)	Confirmation of Amount of Pension Paid, Tax Return (all pages) or a P60

Section 10 - Your dependants

Academic year

We ask about your child's income to check their dependency. We can make a deduction to the household income for each dependant you have.

A dependant can be another child or student that relies on you financially.

A person is not a dependant if they earn enough money to support themselves.

Tell us about any income your dependant gets for the academic year, such as:

- benefits
- interest on savings and investments
- other unearned income

If they're over 16, also tell us about any income they have from employment or self-employment.

Do not include income such as Child Trust Fund, Child Benefit or small amounts of money given as gifts.
